1. Paper Leak at multiple places
2. Multiple 720/720 rankers from the same examination centre.
3. Peculiar AIRs like 1.54 given to students.
4. Unexplained marks given to students- 718,719 .
5. A few students initially securing <200 marks, got >600 marks in the final result.
6. Unjustified paper level leading to very high cut off - few students with perfect score of 720/720 will not get into the best medical college of India - AIIMS, Delhi.
7. Mid-term revision of syllabus.

NEET के रिजल्ट से पता चला 67 स्टूडेंट्स की AIR-1 आयी। उनका एजाम एक ही एजाम सेंटर पर हुआ है। 🙄👊

NTA अब तक एक पारदर्शी परीक्षा एजेंसी मानी जाती थी लेकिन इसने भी औकात दिखा दी

# Factors Affecting NEET Marks vs Rank

There are the following factors that affect NEET Marks vs. rank correlation:

**Total Number of Applicants:** It refers to the overall number of candidates who participate in the test. A higher number of candidates appeared can affect the ranking distribution and competition level.

**Difficulty Level of the NEET Test Paper:** This relates to how challenging the Exam questions are in a given year. A more difficult paper might result in lower average scores and influence rank distribution.

**Comparative Performance of Candidates:** This factor considers how candidates perform relative to each other in that specific exam year, impacting how ranks are assigned based on scores.

**NEET Past Exam Cut-Off Trends:** Historical cut-off trends provide insight into the scoring patterns and ranking thresholds, which can influence the expectations and preparations of candidates.

**Total Amount of Seats Available at Universities and Institutions:** The number of available seats in medical colleges affects rank requirements and admissions, it also impacts how marks translate into ranks depending on seat availability.

Excellence In Assessment

NTA received few representations and Court Cases from the candidates of NEET (UG) 2024 raising concerns of loss of time during the conduct of the examination on 05.05.2024.

Such cases/representations were considered by NTA and the normalisation formula, which has been devised and adopted by the Hon'ble Apex Court, vide its Judgment dated 13.06.2018, was implemented to address the loss of time faced by the candidates of NEET (UG) 2024.

The loss of examination time was ascertained and such candidates were compensated with grace marks.

So, candidate's marks can be 718 or 719 also.

# Way Forward

- Establishment of Independent and transparent body to enquire about the matter.
- Government in supervision of Judiciary should take action.
- Paper level should not be too easy.
- Paper should be confidential and paper leak should be taken seriously.
